News Digest.

The second arrival by the overland pony express route is announced, bringing San Francisco dates of April 10th. The general news is meagre. The steamer *Golden Age* had sailed for Panama with $1,600,000 in treasure and the California delegation to the Republican National Convention. An immense mass meeting had been held at San Francisco to protest against the bulk-head bill. The frigate *Powhattan* sailed for Panama April 7th, having on board the Japanese embassy. Accounts from the Washoe mines are of the usual character. The rush to the diggings continues unabated. Flour is worth between $50 and $60 per 100 lbs., sugar $1 per lb., and hay $350 per ton.

A hurricane passed over Carlinville, Ill., last Monday evening, unroofing and blowing down houses, trees, fences, &c., and in several instances picking up children and carrying them considerable distances. The destruction of property is great.

A rumor is prevalent at Washington that Ex-Governor WALKER has challenged Judge BLACK and that the latter declines to accept. A remark made by the Judge to the effect that the President's letter of instructions to Gov. WALKER, recently published, was a forgery, is said to have led to the challenge.

The House Committee on Elections has reported in favor of SAMUEL G. DALEY, Republican, who contests the seat of Mr. ESTABROOK, as delegate from Nebraska.

Our Constitution and the Potter Duel.

The provision in our State Constitution against dueling is as follows:

"Any inhabitant of this State who may hereafter be engaged, either directly or indirectly, in a duel, either as principal or accessory, shall be disqualified as an elector from holding any office under the Constitution and laws of this State, and may be punished in such other manner as shall be prescribed by law."

This clause cannot bar Mr. Potter from accepting any national office as Member of Congress, but would bar him from accepting any *State* office. Our State Constitution cannot determine the qualification of Members of Congress, &c. That can be done only by Congress itself.—*Wisconsin of yesterday.*

It will be quite time enough to disfranchise Mr. POTTER when he comes within purview of the provision which the *Wisconsin* quotes. As Mr. POTTER has never yet, to our knowledge, been "engaged in a duel," we don't see how our Constitution "bars him accepting any State office." But it does not matter much either way, since the people of the First Congressional District of Wisconsin intend that Mr. POTTER shall hold his present "national office" for some time to come, if not longer.

WHO WERE THEY?—The Washington correspondent of the New York *Tribune* is responsible for the following statement:

In this particular instance of Mr. Potter, it is well understood that there are wretched hounds upon his track from his own State, now here, who egg on the Southern bullies to press him to the point of resistance, first, in the hope he may be killed out of their way, and next, if he escape, they can attack him at home for repelling his assailants in the only way he considers left open to him. These devilish purposes have thus far been baffled, though not ended, so far as his life is concerned. If he should survive their machinations, the other ordeal is still to be met, and in undergoing that, if he should be allowed to live to do it, he will deserve the sympathies and support of every generous heart. His position, and that of every other Northern man who holds or may hold a similar one, is trying in the extreme. Beset by bullies and assassins on the one hand who seek his life for opposing their designs, circumventing their schemes and humbling their pretensions, he is pursued on the other by hypocritical and malicious doughfaces, who will aim to make his very merits criminal, that they may rise upon his ruin. It is time the Northern people were fully awake to these things.

The people of Wisconsin would be glad to know who these men were that, hailing from this State, pursued Mr. POTTER with such dastardly malice.

NEW YORK FOR SEWARD.—The Republican State Convention which met at Syracuse, New York, on Wednesday, made choice of an unanimous SEWARD delegation to the National Convention at Chicago, and adopted, without a dissenting voice, the following resolution:

Resolved, That the Republican electors of the State of New York, represented in this Convention, present the name of Wm. H. Seward, [uproarious applause, lasting for some minutes;] to the Chicago Convention, for the office of President, not only in obedience to a universal and unbroken public sentiment, but because they regard him as eminently the representative of the principles upon which the Republican party is based, and to whose hands all the great interests of the Confederacy may be safely committed. [Applause and cheers for Seward.]

AN UNCOMMON SENTIMENT.—Senator JOHNSON, of Tennessee, made a speech a short time since, from which the following is an extract. The malediction against the Presidency is a rather uncommon sentiment from Democratic mouths:

"We have got to making Presidents in modern times, so that nobody knows who is safe. I do assure the Senator that I prefer to discharge my duty faithfully as an honest representative of the States or the people; occupying that position, the Senate will pardon me for the expression, and I do not use it in a profane sense—when contrasted with being President of the United States, I say "damn the Presidency;" it is not worthy of the aspirations of a man who believes in doing good, and is in a position to serve his country by popularizing her free institutions.

THE COMING MEN.—The Japanese embassy, at San Francisco, bring $100,000 to defray their personal expenses, although invited at the expense of the United States. They were given the best quarters on board the *Powhattan* during the voyage, and arrived in good health and highly pleased. The chief dignitaries are magnificently dressed in embroidered silk robes, each wearing a sword of beautiful workmanship. They carry an immense amount of baggage, including many boxes of presents to the United States government. It was expected that the *Powhattan* would sail again from San Francisco on the 5th inst. for Panama. There the embassy would cross the Isthmus and take passage on board the frigate *Roanoke*, which would take them direct to Washington. They will be expected there about the 1st of May.

TEACHERS' INSTITUTE AT WAUKESHA.—The Institute for Waukesha county, one of the series appointed by Chancellor BARNARD for this spring, was attended by over one hundred teachers, and the exercises were interesting and instructive. The evening lectures were by the State Superintendent on Monday evening; by Mr. COGSWELL, of this city, on Tuesday; by Mr. CONATTY, of Kenosha, on Wednesday; by Chancelor BARNARD, on Friday. Prof. BUTLER was to close the course on Friday. The next Institute will be held at Whitewater, in Walworth county, to commence on Monday evening, April 23, with an address by Chancellor BARNARD.

CAPITAL PUNISHMENT IN NEW YORK.—The bill to restrict capital punishment in New York, passed the Senate of that State on Friday last by a vote of 20 to 7. It had previously passed the Assembly, and has been signed by the Governor. Under this bill, executions hereafter are only to be for treason and arson and murder in the first degree. Juries will be allowed to render verdicts of murder in the second degree, even where the indictment is for murder in the first degree. In cases of death sentences, the execution is not to take place until one year after sentence, nor until the issue of the Governor's warrant.

WHO SHALL HAVE IT?—A nice question of law will grow out of the finding of $30,000 of the money stolen from the Marine Bank at Columbus, Georgia. A negro in crossing a ditch saw the end of a newspaper protruding from under a plank. Pulling the paper out he found more money than possibly his mind ever conceived of before. Quite a large sum had been offered for the finding of the money, and this is now claimed both by the owner of the slave and the man who hired him, (of course the slave himself had nothing to do with it,) and the question is, who shal have it?

A NEW KIND OF LEATHER has made its appearance in the Eastern markets, said to be manufactured from the skin of the white whale. This would make excellent "raw hides" to "whale" disobedient husbands with.

BURIED IN GOLD.—There was nearly a thousand dollars worth of gold used on the coffin of Mrs. EDWARD SHIPPEN BURD, who who was buried in Philadelphia last Tuesday, with much pomp. The plates, handles, and screws were all of solid gold.

ROSA BONHEUR has not only had an offer to come and paint our buffaloes, but it seems she received at the same time an offer of marriage. We presume BARNUM will make her an offer also, though we think it likely she would rather paint than "draw."

Pryor's Entrance into the House of Representatives.

WASHINGTON, April 16, 1860.

Mr. Pryor entered the House of Representatives at the usual hour this morning, after an absence of five days. The contrast between his reception and that of Mr. Potter, on Friday, could not have been more striking and significant. It was the difference between an ovation, generous and hearty, spontaneous and simple, and yet unpremeditated and unexpected, and a reception in which it is difficult to say whether undisguised neglect, or ill-concealed contempt, was the more prominent feature. I am referring now to the reception given to Pryor by the Democratic side of the chamber. Had he been absent for five days on a common business visit to Virginia, his return would have called forth greetings far more numerous—While, had an ordinary ague kept him from his seat that length of time, his recovery would have been welcomed by a general nodding of heads, and an occasional shaking of hands from the more ardent of the chivalry—but to-day he entered the House, walked to his seat with an easy air, not a member noticing him on the way, and quietly resumed the cushion which he so ostentatiously quitted on Wednesday last.

Soon, and as if by mere accident, some three or four Southern gentlemen, who seemed or affected to be passing near him on business errands, shook him by the hand in a most common-place way. And that was the beginning and the end of the reception! Not long afterward he went into the most frequented part of the lobby, adjacent to the Democratic side of the chamber, and there stood for some time, pretending to read a bit of manuscript—but though many persons passed him, not one individual greeted him.

A little later, after his return to the Hall, a Southern member called Pryor's attention to the fact that the stock of a pistol was protruding from the rear pocket of his coat.—Thereupon he withdrew to the cloak room, adjusted his dress, and not long afterward disappeared for the day.

Comment upon the difference in the treatment meted to Potter and Pryor, by their respective friends, on these two occasions, is unnecessary. It is conclusive proof which of them the general judgment of friend and foe assigns the triumph to, in the recent controversy. It is an irrevocable verdict upon that point of the case, at all events—and in such matters, public opinion never errs—*Corr. of the N. Y. Tribune.*

Our Washington Letter.

Correspondence of the Chicago Press and Tribune.

WASHINGTON, April 14, 1860.

The affair between Messrs Potter and Pryor has, of course, in its details, found its way to your readers. I am told by old citizens that no circumstance of the kind has ever created so profound an excitement in this city, since the Graves and Cilley duel, as has this. For three or four days, it absolutely excluded all other subjects of conversation. The exhibition of the white feather is very generally conceded to Pryor. I have heard several Southern men—Democrats—comment in severe terms both upon his course before and after the challenge. Many of his best friends contend that he had no sufficient cause for challenging Potter, and more contend that he had manifested a most damaging sensitiveness in regard to weapons. It is well known that in a duel, in which he was once engaged as a second, he himself suggested the use of bowie-knives. And the proposition of Col. Lander to substitute himself in Mr. Potter's place, has almost an exact parallel in the case of the Graves and Cilly duel. As an after-thought, Mr. Chisman, the second of Pryor, publishes in this morning's *Intelligencer*, certain letters which Pryor wrote accepting Potter's proposition, but which he could get nobody to deliver! This, in the general estimation, but makes the matter worse. John F. Potter has decidedly made a mark, in this affair, which will cause a wide berth to be given him by the fire-eaters.—Think as we may of the propriety of his accepting the challenge, by the manner in has conducted himself throughout the affair, we must award him the credit of bringing up Virginia chivalry with a round turn.

TERRIBLE ACCIDENT AT THE MINES.—On Tuesday last, at about two o'clock in the morning, a miner, named Abraham Roberts, went with his candle into a shed at the National mine, which was used by the miners for containing the temporary supply of powder which had been delivered to them from the magazine. It contained at the time, probably ten or twelve kegs. By some means the powder was ignited, and several successive explosions took place, until the whole was consumed. As soon as parties reached the premises the man was found in a suffering and disabled condition, his clothes being all on fire, though he was exteriorly but little burned by the powder. But he died the same day, probably from inhaling the hot fumes.

Deceased was a Cornishman, ten or twelve years in this country, and has a family residing in Lancaster, Grant county, Wis. He came through on the Wausau road some two or three months ago, and had intended to return to his family in March, but was deterred by the condition of the roads.—*Lake Superior Miner.*

AN EXCITING BOAT RACE ON EAGLE LAKE.—A few days since an exciting boat race came off on Eagle Lake, in the town of Dover. The matched boats were owned by Barney Laven and William Crane. Crane challenged Laven to go a mile and a half, the distance across the lake, the stake at issue being a half barrel of beer. Crane's boat was manned by Capt. Stanley, of this city and four others, W. Crane, J. Duffey, Joseph McMannis and a sailor from this city. Lavan's boat was manned by Capt. Brady, T. Gallman, J. Sheridan, Michael Quirk and Charley Walters. After the boats had started, and gone about ten rods, Sheridan lost his oar, but the thought of the beer on shore so *inspirited* Capt. Brady and his jolly crew, that they put in with all their might on the three oars, and Brady and his gallant crew came in about fifteen rods ahead—when they received the prize—and at the same time the boat was boat was christened the *Clipper*, of Eagle Lake.—*Racine Journal.*

Religious.

KEEP THY TONGUE FROM EVIL.—Evil speaking is a common sin even among professed Christians, and many an innocent heart is wounded, and the life of many a victim shortened, by damaging words spoken and without any thought of harm. The *Sunday School Times* gives an illustration of this unfortunate habit:

A poor young girl lay a dying. A rapid consumption hurried her from health to the brink of the grave in the course of a few swift months. A lady who had sustained important and interesting relations to her, a professor of religion and a teacher in the Sabbath School, went one evening to pay the sick child a visit. Very likely she carried some delicacy to tempt the invalid's failing appetite, for she was really a kind-hearted woman. When she returned home, a circle of ladies were sitting in her parlor—persons who were every one strangers to the dying girl and to her history. They only knew of her that she was young; that consumption was wasting her strength, and that in a few days, at the most, the flickering taper of her life would be extinguished.

Some inquiries of a general character were made, and a common sympathy expressed for her. The lady who had visited the sick-room replied to the interrogatories, and then, without the slightest occasion or necessity, she proceeded to entertain her listeners with the incidents in the past history of the poor girl, interspersing them with tales which might have been but the venom of a slanderer's tongue, or might have been true, and the result of terrible and overpowering temptation, triumphing over a youthful and undefended frailty. Not a word was said that she had had no tender and faithful parents to watch over her dawning womanhood—that defects in her education and dangerous influences about her, had left her unenlightened or had weakened her moral sense. O, no! it was told to these strangers as it had been circulated among those who knew her, that she was said to have grievously erred, and nothing extenuating was mentioned.

My heart bled, and well might my eyes be suffused with tears, at such inconsiderate heartlessness—for heartlessness it was, albeit not ill-meant. I could have clasped my hands and exclaimed, Spare her! Leave her to the Divine judgment! What good end will this narrative serve? These strangers—why shock and blunt their sympathies, when the grave is about to hide her away from all human praises or blame.

This Christian woman probably intended no harm; but sure am I, the Lord Jesus Christ would have done very differently. In him are combined infinite holiness and infinite tenderness. Strict to mark iniquity, but with his divine heart glowing with forgiving love, his voice would have said to the poor young victim, "Neither do I condemn thee. Come unto me, all laboring and heavy laden; I will give you rest, and peace, and pardon."

"Charity * * * is kind." "Let all evil-speaking be put away from you."—"Whatsoever ye would that men should do unto you, do ye even so."

SABBATH SCHOOL ASSOCIATION.—There is to be a meeting of the Executive Committee of this Association *this evening*, in the lecture room of the Plymouth Church. Superintendents of all the Sabbath Schools in our city are invited to be present. Arrangements are to be made for an anniversary meeting of the children, and it is hoped that the invitation thus given to the Superintendents, by the Executive Committee, will be promptly responded to.

PERSONAL.—We learn from the N. Y. *Observer* that the Rev. J. M. BUCHANAN, pastor of the North Presbyterian Church of this city, has received a call from a church in New Brunswick, New Jersey. It is to be hoped that Mr. BUCHANAN will not accept. Milwaukee cannot afford to lose his valuable services.

BASE BALL.—Our Milwaukee Base Ball Club are to play a match *this* (Saturday) afternoon, weather permitting, on the Fair Grounds, Spring Street Hill. An omnibus will leave the corner of Main and Wisconsin Streets at ten minutes before three o'clock, to convey members to the Ground. The public, and ladies especially, are invited to attend and see the game.

PERSONAL.—We had the pleasure of a call, yesterday, from Col. EASTMAN, of the Chicago *Times*, the leading Douglas organ in Illinois. The Colonel is quite confident of the nomination and election of his favorite. So are we of ours.

THE ACADEMY OF MUSIC—SHALL THE THEATRE BE SUSTAINED?—A well conducted Theatre, in a city like Milwaukee, attracts visitors from the country; induces travellers to remain longer with us; and helps the business of the town. Mr. YOUNG has built a neat, commodious and elegant little theatre, and Mr. WEBB has opened it with the best Vaudeville company we have ever had here. It remains to be seen whether the business men, property-owners and others in Milwaukee, who are interested in making our city attractive to visitors and strangers, will do *their* part towards sustaining Mr. WEBB's enterprise. A very little effort will secure the desired result, and it is for the parties most immediately interested to say, whether that effort shall be made.

Thus far, the performances have been excellent and fairly deserved the applause with which they have been received. The bill for *this* evening is a very attractive one. In the first piece, "Perfection," the two gifted sisters, Misses EMMA and ADA WEBB, sustain the leading parts. In the second, "Woman's Whims," Miss ADA repeats the performance which won such enthusiastic plaudits on the opening night. And in the last, "Barney the Baron," O'NEIL will give our citizens the best representation of Irish character that has ever been seen on the Milwaukee stage. This bill should call out,—and the company merits,—a full house to night.

THE PRIMA DONNA.—The *Wisconsin*, in noticing a serenade given by members of the Musical Society to Miss SCHIFFTNER, says:

"We learn from the *Free Democrat*, that the *Atlas* of this city has been engaged in the base occupation of attempting to injure her character. Such attacks upon a lady are unworthy of any newspaper, and will be sure to recoil upon the authors, while they will serve to make the lady herself respected and admired more than ever."

The *Wisconsin* learns from the *Free Democrat* of the *Atlas*, and publishes in the family paper what is not so. It would be as well perhaps to read the *Atlas* himself, before he takes up this quarrel. Miss SCHIFFTNER is an estimable lady, no doubt, but in coming before the public as a Prima Donna, she subjects herself to criticism, and we have carefully read and re-read the article in the *Atlas*, and cannot find anything "overstepping the bounds of decency and respectability."

The editor of the *Atlas* is as good a musical critic as we have in Milwaukee, and we would take his judgment always in musical matters.

As for the *Wisconsin*, it should not attempt to heap fulsom adulation upon this lady, because we do not think she deserves any such cruelty at *its* hands.

The war between the *Democrat* and *Atlas* is characterized by the introduction, especially on the part of the former, of extravagant terms and epithets which are not usually found in that sheet. The persons who started and persist in keeping up this controversy about the lady are certainly injuring her more than it was the intention or in the power of the writer of the first communication to do.

OCCULTATION OF VENUS BY THE MOON.—*Editors Press and Tribune:*—In your issue of yesterday I see a notice of the approaching conjunction of the Moon and Venus. Will you permit me to say that the occultation as viewed from Chicago will be complete, the planet being completely covered by the lunar body, the contact will occur on Tuesday (not Sunday) April 24th, about 7:50 p. m., Chicago time. Our position for observing the transit is more favorable, as at the moment of contact they will be about midway between the horizon and zenith—in the southwest by east quarter. The position seems, also, to promise a clear sky, and if this be the case a good opportunity will be afforded to thousands of witnessing a fine sight. E COLBERT.

The same celestial phenomenon will be visible in this city, and should the weather be fair, will be well worth seeing

PERSONS wishing to buy any article, however small, in the hardware line, will find it to their interest to purchase at NAZRO & Co.'s. Their first floor is fitted up expressly for retail trade, and clerks, whose duty it is to wait on retail customers, will be found quite as attentive as though the purchaser were buying a bill of goods. As this retail department is a speciality of which Milwaukee folks may reap some benefit, we take pleasure in keeping it before them.

NAZRO & Co. have a very large assortment of harvesting implements, gardening tools, &c., and a greater variety of household goods than can be found anywhere in the Western country.

THE ARREST OF COUNCILOR NOYES.—The indictment of the Grand Jury charges Mr. NOYES with "complicity" in a certain contract between the city and AUGUST FLERTZHEIM for making sewers and culverts in the Seventh Ward, last summer. Mr. NOYES, as we stated yesterday, was arrested and taken before Judge MALLORY, when he gave bail in the sum of $1,000 to appear at the next term of court. We cheerfully correct the error of yesterday, by which it was made to appear that Mr. NOYES was charged with complicity in the recent frauds of city officers.

SEVENTH WARD.—SPECIAL NOTICE.—A special election is to be held on Monday next, for an Alderman from the Seventh Ward, in place of C. D. DAVIS, who declines to serve. We advise the electors of the ward, one and all, to attend the polls and vote for WILLIAM A. PRENTISS, who has served the ward and city, long and well, in the Common Council, and, as all men know, is admirably qualified for the post.

OBSTRUCTING THE STREETS.—Merchants on West Water Street justly complain that the parties screwing up CHAPIN's Block occupy a little more of the public thoroughfare than the most liberal construction of the ordinances will allow. The way the street is obstructed in that vicinity now, if two teams should happen to meet it would be necessary for one to back out to let the other pass.

CLEAN THE STREETS!—Our Streets need scraping and cleaning. The sprinklers can do but little, in consequence of the accumulation of dirt and garbage on the main thoroughfares. Will our City Fathers look to it? BROCKWAY, who is a good man for the work, will undertake the job at a very low figure, and do it satisfactorily.

TO THE PUBLIC.

THOSE HAVING BUILDINGS TO LET, or in want of tenements, should bear in mind that the prices for Advertising in the SENTINEL have been reduced, and that Advertisements of tenements "TO LET," or "WANTED," will be inserted in our special columns under those heads, ONCE for FIFTY CENTS, and THREE TIMES at the low price of ONE DOLLAR—thus affording persons who want *tenants* or *tenements* on the 1st of May, an easy and cheap mode of finding them without paying commissions or spending days in search of Houses. This is a reduction of ONE HUNDRED PER CENT. on our last year's rates of this class of Advertisements.

THE SENTINEL, having double the circulation IN THE CITY, and more than treble OUT OF IT, of any other paper here, renders it far the cheapest and most desirable medium in Milwaukee for all classes of Advertisements.

EVERY BUSINESS MAN who consults his own interest, will avail himself of the columns of THE DAILY SENTINEL,—especially when he can do so at the same prices charged by other papers, and secure more than double the advantage of circulation.

This is no boast, but EVERY WORD TRUE.

CHAPTER 272.

AN ACT to authorize the Common Council of the city of Milwaukee to erect a breakwater in the Third Ward of said city.

The people of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Common Council of the city of Milwaukee is hereby authorized and empowered to construct a breakwater along the lake shore fronting on Beach street in the Third Ward of said city, and extending from Detroit street where said Detroit street strikes the lake shore, southerly along the line of said Beach street to Pier street, in the Third Ward of said city, in such a manner as effectually to prevent the encroachments of the lake on that part of said city lying westwardly of said Beach street; the cribs of which said breakwater, so to be constructed, to be uniform and to be at least ten feet in width and at least eight feet in height, firmly secured and filled with good solid stone.

SEC. 2. The Street Commissioners of the Third Ward of said city shall cause to be made an estimate of the whole extent of said breakwater, which expense shall be levied and assessed upon one tier of lots fronting on the west side of said Beach street, from Detroit street to Pier street aforesaid; and they shall also determine the proportion to be charged to each of said lots.

SEC. 3. The said Street Commissioners shall give notice to the owners or occupants of said lots fronting on the west side of said Beach street in the manner and for the time as required by section 6 of chapter 7, of an act, entitled "an act to consolidate and amend the act to incorporate the city of Milwaukee and the several acts amendatory thereof," approved 20th February, 1852, of the estimate and assessment so made by them, which assessment may be amended or corrected in a manner provided for in said act and the subsequent acts amendatory thereof.

SEC. 4. The said work of making and constructing said breakwater, shall, after said estimate is made and said assessment completed, be by the Street Commissioners of said Ward, let to the lowest bidder, after due notice for that purpose, and the said Street Commissioners shall enter into a contract with such lowest bidder for the performance of the same, and shall take from the person or persons with whom they shall make such contract, a bond to the said City of Milwaukee with good and sufficient sureties, conditioned for the faithful performance of said contract; *Provided* always, that the said City of Milwaukee or said Third Ward shall in no event be held responsible for the contract price of said work, but certificates for the same shall be issued by said Street Commissioners, and shall be chargeable to the respective lots aforesaid according to the proportions assessed thereon, in pursuance of the provisions of said chapter seven in reference to Street Commissioners' certificates and the various acts amendatory of said chapter; and all the provisions of an act approved 29th March, 1856, entitled "an act to make Street Commissioners' certificates in the City of Milwaukee a lien upon lots or lands against which they may issue," shall apply to the certificates issued under this act.

SEC. 5. The said work shall be done under the supervision of the Street Commissioners of said Third Ward and the City Engineer for the time being, and no certificate shall be issued until the said work is completed and approved by the said Street Commissioners and City Engineer.

SEC. 6. This act shall take effect and be in force from and after its passage.

WM. P. LYON, Speaker of the Assembly.
BUTLER G. NOBLE, Lieut. Gov. and President of the Senate.
Approved March 31, 1860. ALEX. W. RANDALL.

SEVENTH WARD HIGH SCHOOL.—The examination of this school which commenced on Monday, closed on Thursday. The examinations were all written, and evinced great success on the part of the pupils.

Yesterday the students and teachers, numbering 125, paid a visit to the Racine High School. The excursion was a delightful one and was enjoyed by all with great zest. They were received at Racine, by the school, most cordially, Mr. McMYNN, principal, exerting his powers to the utmost to entertain his guests, and the consequence was—one of the happiest times ever experienced by a party of ladies and gentlemen, freed from the restraints of a city and school.

Mr. McKINDLEY is deserving of much credit for the manner in which the whole thing was managed, and the students and teachers united in the most cordial expression of commendation of the manner in which the excursion was both planned and executed.

SEVENTH WARD MEETING.—A meeting of the Republicans of the Seventh Ward took place last evening, at the Court House, and WM. A. PRENTISS was unanimously nominated for Alderman, to fill the vacancy caused by the resignation of Mr. DAVIS.

DOCT. HALL says broiled meats only are healthy; fried meats will give a dog dyspepsia; yet how many people are there who do not know the difference. Many object to broiled meats on account of the trouble and smoke, and we are free to admit the old way of broiling meats is a nuisance.

People who use the "Battle Ground Cooking" stove say smoke is unknown and the trouble nothing.

The Hot Closet and Hot Water Reservoir make them still more desirable, and the thousands who are now using them all testify that the saving of wood will pay for the stove in two winters.

The above list comprises some of the very choicest farming, prairie, heavy timber, oak opening and pine lands in the State, and unceasing water powers of the first importance.
These lands were selected years ago, with regard to contiguity to market, and are therefore the very best selections in regard to soil and location to be found anywhere in the "Great North-West."
THE FOX & WISCONSIN IMPROVEMENT CO., will soon have completed the great Canal through Central Wisconsin, which connects Lake Michigan with the Mississippi River. A majority of these lands being within a few miles of this great improvement, will have unequalled facilities for shipping their products to all markets.

THE SENTINEL.

DAILY, TRI-WEEKLY & WEEKLY

RUFUS KING, EDITOR.

SATURDAY MORNING, APRIL 21, '60.

Presidential Election!

THE GREAT CAMPAIGN IS AT HAND!!

Let Every Republican Prepare for the Conflict!!

Circulate Truth among the People!!

THE WEEKLY SENTINEL

Six Months for Less than Cost of Paper and Printing!!!

READ AND BE CONVINCED!

The approaching campaign is to be a memorable one. The battle will be fought zealously between the friends and the enemies of Freedom, and the ground contested inch by inch. In view of these facts, it is apparent that the dissemination of Republican papers and documents becomes of vast and vital importance. In order to furnish the WEEKLY SENTINEL to the people of the North-West, during the Campaign of 1860, we have concluded to offer the paper, FROM THE 16TH OF MAY TO THE 16TH OF NOVEMBER, at the following unprecedented liberal terms:

One copy for	$0 50
Twenty Copies, (to one address)	$9 00
Fifty " "	$20 00
One Hundred do " "	$35 00

These terms will barely cover the cost of paper before it is printed; but we have determined to put the price so low that every individual Republican, or organized Club, in this or adjoining States, will use their best endeavors to scatter the SENTINEL broadcast in their particular localities, and thus accomplish more than by the circulation of ten times as many documents in any other form. Every Campaign subscriber will receive the Proceedings of the National Convention, to be held in May, and full returns of the election in November.

We need not urge upon our Republican friends the importance of placing this sheet in the hands of all. Let NO VOTER, or family in the State, be without the SENTINEL during the Campaign. Wheresoever *facts* are read, and the people have access to *truth*, Republicanism prevails.

Send in your orders as early in May as possible. ☞ Address
JERMAIN & BRIGHTMAN.
MILWAUKEE, April 9, 1860.

☞ REPUBLICAN PAPERS in this State, with whom we exchange, will please publish the above, or the substance of it, one or two times, and thereby lay us under additional obligation for the favor.

The Charleston Convention.

The National Convention of the Democratic party meets at Charleston, South Carolina, on Monday next, to select candidates and a platform for the Presidential election. The place of meeting—the commercial capital of the most intense Pro-Slavery State in the Union—has been happily chosen in view of the entire devotion of the Democratic party to the interests of Slavery. Of course, the candidates and platform will be selected with exclusive reference to this question, and be the nominee for President who he may, the South will find in him a reliable champion of "the peculiar institution."

The prevailing indications are that Mr. DOUGLAS will be the man. The New York *Tribune* thus estimates his strength in the Convention:

The following votes are believed to be morally certain for Douglas on the first ballot a Charleston:

Maine	8	Ohio	23
New Hampshire	5	Indiana	13
Massachusetts	8	Illinois	11
Rhode Island	4	Michigan	6
Connecticut	6	Wisconsin	5
Vermont	5	Iowa	4
New York	35	Minnesota	4
New Jersey	7	Missouri	6
Pennsylvania	10	Arkansas	2
Maryland	4	North Carolina	4

Total 170. Whole number of Electoral Votes (excluding Kansas) 303. Absolute majority 152. Douglas is 18 more than an absolute majority, or 37 more than all others.

[NOTE.—If Pennsylvania and all the other States should vote solid, Douglas would thereby lose 12 more votes than he would gain; but it is believed that he would still have an absolute majority.]

On the second or third ballot—Douglas' friends standing firm—the following are confidently expected to come over to his support:

Kentucky	12	Balance of Pennsylvania	17
Tennessee	13	" North Carolina	6
California	4	" Maryland	3
Florida	3	" Missouri	3
Virginia	15	" Arkansas	2
		" Massachusetts	5

Total 84—increasing his total to 254, or 62 more than the two-thirds required to nominate.

Whence the *Tribune* concludes that "unless there is scandalous cheating round the board, DOUGLAS is bound to be nominated." We think as much—though it is apparent that the Administration will strain every nerve to prevent the nomination and that a large portion of the South distrust DOUGLAS. However, if pledges of future good behavior will satisfy these doubters, Mr. DOUGLAS and his friends will be prodigal of them. They know, from the experience of PIERCE, POLK and BUCHANAN, how cheap such promises are, how easily they can be made and how readily and recklessly broken.

Every Republican Vote.

The Homestead Bill passed the House of Representatives, receiving *every Republican vote*.

The Bill to suppress Polygamy, passed the House, receiving *every Republican vote*, and being opposed by the Douglas Democrats.

The Bill to admit Kansas, passed the House, receiving also *every Republican vote*.

All three measures encountered more or less Democratic hostility; and a majority of the Democrats in the House voted against them. They are now before the Democratic Senate, and upon the political majority in that body rests the responsibility of their defeat—if defeated, they shall be. Let the people "look to the future!"

Our Representative in Congress.

We learn that JOHN F. POTTER, our gallant Representative in Congress, is on his way home, for a short visit. He is expected at Racine to-day, and will probably reach this city this evening, or Monday. We trust that his Milwaukee friends—and they are legion—will improve the opportunity to signify to Mr. POTTER how heartily and unanimously they endorse his spirited action in the recent difficulty with Mr. PRYOR.

DON'T LIKE IT.—The *News* makes the following complaint:

The Republican presses throughout the State are making a great ado over the vote of Mr. Larrabee, given to Mr. Smith for Speaker. Because the latter is one of the South Americans, the former is charged with being a Know-Nothing, and hostile to our naturalized citizens.

And why should not the Republican presses make "a great ado" over Mr. LARRABEE's vote for a Know-Nothing Speaker? Mr. L. has often boasted that he represents the largest foreign constituency in the Union, and he proves his fidelity to their rights and interests by voting for a Speaker who proposes to disfranchise adopted citizens.

THREATENING TO BOLT.—A Washington correspondent of the Nashville *Union*, says:

"The remark of Senator Slidell to-day to the effect, that in case of the nomination of Senator Douglas for the Presidency, by the Charleston Convention, six Southern States were already pledged to withdraw and bolt the ticket, excites unusual comment. Those who oppose Mr. Douglas are now emphatic in their statements concerning his defeat, while those who have been in a pivotal position, expressing no preferences and ready to turn either way, for or against him, come out boldly and say that he is by no means our strongest man, and that, if nominated, we shall surely lose the election."

Railroad Meeting at Winona.

An enthusiastic railroad meeting was held at Winona, Minnesota, a few days since, at which primary measures were taken for the construction of a railroad connecting Winona with the Milwaukee and Minnesota railroad, at, or near LaCrosse. The *Republican* says:

"The meeting, although an impromptu affair, was well attended, and a decidedly favorable spirit to it object and purpose was manifest throughout. Several propositions were submitted to the meeting, as being well calculated to secure the construction of the road; but the one which perhaps commanded the greatest degree of consideration and discussion was that presented from Col. May, which we print herewith. This proposition may not meet with unqualified approval from all, yet it states the position and requirements of the business interests of the city, as connected with the project in view, so clearly, that it merits at least a calm consideration.

It is doubtless fresh in the minds of our readers, that during the past winter two surveys of the route from Winona to a point of connection with the Milwaukee and Minnesota railroad were made by a corps of experienced engineers from this city. These surveys demonstrated beyond the shadow of a doubt the entire practicability of constructing just such an eastern railroad connection as the wants of Winona, as well as of the yet unfinished Transit Railroad, leading westward, will soon demand.

The fact has thereby been established that a road can be built from Winona to connect with the Milwaukee and Minnesota Railroad at a point six or seven miles east of LaCrosse, upon a grade unexcelled for feasibility, within a distance the extreme of which will not exceed 29 3-4 miles, and at a comparatively small cost. To initiate this undertaking, and to place it upon a sound basis, the meeting alluded to above was held; and judging from the earnest manner in which our most energetic citizens have assumed the direction of the enterprise, we entertain no doubts of its ultimate success. For the present, the preliminary management has been placed in the hands of a committee, consisting of A. W. Webster, Wm. Mitchell, Thomas Simpson, Thomas E. Bennett, and W. A. Ernst, which committee will immediately set about the work before them with energy and determination.

The construction of this Rail Road—which we regard as quite probable—will add an important link to the grand chain of the Western Rail Roads that will at no distant day connect our city with every important point in the thriving young State of Minnesota. Winona is one of the principal grain receiving points on the Upper Mississippi, and a direct Rail Road communication with Milwaukee would greatly promote its prosperity, and also largely increase the traffic between Milwaukee and the country tributary to Winona.

FROM WASHINGTON.

The Potter and Pryor Affair—Appearance of the House when Potter entered it on his return from the Wars—Debate on his Resolution for a Clerk of his Committee.

From an Occasional Correspondent of the Tribune.

WASHINGTON, April 13, 1860.

This afternoon, about two o'clock, Mr. Potter, of Wisconsin, after an absence of forty-eight hours, entered the House of Representatives. He came in without being heralded, in his usual quiet manner, taking the House by surprise. No sooner was his face recognized, than a score of Republican members rushed forward to greet him; and soon there was a universal uprising on that side of the Chamber, Potter retreating to the cloak-room, and the crowd following. The salutations were hearty and general, even the door-keepers and pages participating in the enthusiasm.

It was whispered from lip to lip in the galleries, "That is Potter!" and soon the spectators from above were bending over to catch a better view of the scene transpiring below.

For an hour or more before Mr. Potter came in, the termination of the affair with Pryor was the subject of anxious comment upon the Democratic side of the hall. Heads in clusters of threes and fours were in earnest but subdued cogitation; and though there was an occasional waive of the hand or other impatient gesture, indicating indifference or contempt even, yet the general aspect was ludicrously grave and even deprecatory.—Usually, by 2 o'clock P. M., the mass of the Democracy gets to be hilarious, not to say jolly. The writer hereof has often been present when solemn and touching prayers were put up by gifted chaplains for the souls of honorable gentlemen; and occasionally, when impressive funeral rites were performed over the remains of some favorite member, but he has never witnessed upon the Democratic side of the House, and especially among the chivalry, such a general and extreme elongation of countenance as was exhibited to-day. We doubt whether the observant eye of Lavater himself ever saw seventy men whose combined faces displayed so many feet, lineal measure, as theirs. Nor did the glow of satisfaction which mantled every Republican cheek, when Potter, standing erect, as is his wont, his head firmly poised, his iron features and keen gray eye indicating self-possession and calm courage, was literally crowded into the cloak-room by the greetings and congratulations which his friends pressed upon him—nor did this unpremeditated and spontaneous tribute to the man who had "demonstrated" that he stood by his words, while his vaunting foe had been compelled to eat his, tend to lighten up the visages and cheer the hearts of his drooping sympathizers in the other wing of the Chamber.

Potter was in his place. But where was he of the flowing black locks, protuberant nasal appendage, and vast expanse of shirt collar? No one in the House certainly knew, though men of ardent imagination fancied that at that precise juncture he might be snugly ensconced in a rear room of a dingy hotel in the ancient town of Alexandria, toying with an unpalatable dinner, and ruminating over the dietetic problem whether worms preferred to have their meat served up whole, or cut into slices.

When Potter entered the House, the Committees were being called for reports. Not long after he came in, the Committee of Revolutionary Pensions, of which he is Chairman, was called. At its last meeting the Committee had resolved to ask the House to vote them a clerk. And now, when the Chair announced that reports from this Committee were in order, Potter rose. Instantly the House, which had been in unusual confusion all day, sank into profound silence.—The chivalry, especially, strained their eyes to catch the lineaments of the man who had crushed their champion under his heel, and now wanted a clerk for his Committee. Quite a debate sprang up on his motion. Potter, in tone and manner which indicated not the slightest embarrassment on account of the novelty of his position, explained the reason why his Committee needed a clerk. Barksdale, the vociferous, and Burnett, the dogged, opposed the motion, but were careful to use the most respectful language toward Potter. He very seldom addresses the House, but ever since his encounter with Keitt and his backers, two years ago, whenever it has been necessary to allude to him, the chivalry have called him "the *member* from Wisconsin." Pryor invariably used this term in the colloquy with him on Wednesday.

But to-day! Barksdale and Burnett, in the running debate on the resolution, persistently called him either "the gentleman from Wisconsin," or, more frequently, "the honorable gentleman from Wisconsin."—And Mr. Thomas of Tennessee, one of Potter's colleagues on the committee, bestowed unmeasured encomiums upon the fidelity with which he discharged his duties, informing the House that if all the other members were as laborious as "the honorable Chairman," there would be no need of having a clerk. During the rest of the debate, Thomas' key-note was echoed by all the disputants on the Democratic side, and Potter was thenceforward "the honorable Chairman of the Committee." How much virtue, to some eyes, there is in the gleam of a bowie knife!

Though the House had just denied Clerks to two or three Committees, it was evident that Potter's motion would prevail. Burnett politely suggested an amendment. Potter rose and blandly accepted it. Barksdale desired to propound a question to "the honorable Chairman of the Committee," and the Chairman inclined his honorable ear toward the fiery Mississipian, and imparted to him the desired information. The manner in which the House went off into the usual buzz and turmoil while Burnett and the others were speaking, and sank into the deepest silence whenever Potter replied, was ludicrously interesting. Tom. Florence finally intimated that the House was ready for the vote, and the House agreed with Tom Florence. The previous question was sustained, and on a call of the Yeas and Nays the motion was adopted by about two to one.—*N. Y. Tribune.*

Wilkes' Last Letter—The Prize Fight.

WILKES' *Spirit of the Times*, which reached here Thursday, contains the last letter of the editor in England, from which we extract the following:

"The training which Sayers undergoes, has, as he told me in his letter, no mystery in it, and he merely takes the usual means of a man who wishes to keep himself in good health by proper food and active exercise. He rises about six o'clock in the morning, and after a cold bath, takes a brisk four mile walk and then comes home to breakfast, which he takes at eight o'clock. A nicely broiled steak, or chop, with bread and butter, boiled or poached eggs, forms the foundation for his morning exercise; and after lounging about for a while, he sets out for a walk of some twelve or fourteen miles.—This brings him up to dinner, after which, when another period of repose has intervened, he takes another walk of about eight miles. Sometimes he makes the walks longer, and sometimes less, just as he may happen to feel inclined, and resisting absolutely any fixed routine. He does no sparring, no fighting at the bag, though occasionally practices with the dumb-bells. Most all of his exercise, however, is in the shape of pedestrianism, and his friend Fuller, though one of the best pedestrians in England, cannot share rod for rod of his walks with him. To use Fuller's words, he sends Sayers round about while he cuts across, and in that way he makes himself his companion at points and instalments of the journey.

He does not require any trainer at all, as do other pugilists. A companion is all that is necessary to him, and he frequently dispenses with him altogether by setting out alone. He requires no watching, and he needs no mentor, for his pride in his guardian, and in the way of knowledge and experience, he is at the head of his profession. The only other portion of his training is an occasional game of foot-ball, quoits, or some casual outdoor pastime that strikes his fancy; while in the evening he is very fond of dropping in at the White Hart, and indulging in a game of billiards. This mode of preparation is, therefore, widely at variance with the usual strict routine which is imposed upon the unfortunate neophytes who fall into the hands of technical trainers, and we believe he is all the better for keeping in good health in a natural manner. His weight at the present time is 149 pounds, and he will fight only two or three pounds heavier. These two or three pounds will be put on him the last two or three days, so that he will feel a jocund and expanding condition. He cannot look better, and in confidence he is complete. I do not believe he has any more idea of losing the fight than he has of being made Premier of England. He is still very sore about the manner in which Heenan treated him, by not keeping his engagement for an interview just after the arrival of the latter, though he does not put it in the shape of a complaint. He has made up his mind that he will never know what weight Heenan will fight at, as after his statement to the editor of *Bell's Life*, that he would fight at less than 175 pounds, it is not likely that he will go to scale to invalidate his words. As the championship is a battle of "catch weight," Heenan may refuse, and in that way there may always be an unknown question about this extraordinary match.

It is a very remarkable thing, that so accomplished a pugilist as Sayers, is entirely a novice, or what is worse, entirely incapable as a fancy sparrer, with the gloves on. The most indifferent practitioners get the b st of him in artistic and what is called scientific hitting, and he never yet appeared at a pugilistic exhibition and came off with credit. He is a man of war entirely; no holiday hitting suits him, and he changes his style and tactics in every battle, exactly to suit his man. When the coming fight with Heenan was discussed in his presence on a certain occasion, by four accomplished pugilists, who were his friends, he listened attentively to all the plans proposed, and though they each, when developing their views, kept looking towards him for a response or acquiescence, he did not once give a sign or word. Finally one of them said, "Well, come now, Tom, you have heard all our opinions about this here matter, just tell us how you think you are going to fight him?" Tom, who was standing with his back towards the fire, looked quietly at the questioner for several moments and then, when they expected his views were coming, he merely answered:

"How can I tell!"

And how could he tell how he should deal with an Ajax he had never seen, and whose style and qualities he had yet to learn?

His mode of fighting is in all respects peculiar, and it is very singular that for a man of such wondrous prowess, he is very easily knocked down. The betting is consequently 2 to 1, freely offered, that Heenan, with his straight left-handers, sends him first to earth. Though a small man, he fights with a very low-heeled shoe, barely more than half an inch in height, and the sole under the hollow of the foot is made very elastic and soft, so as to give at every motion of the foot. He stands well forward, and almost on the very tips of his toes, so that to see him when fighting, with his arms extended and rather up above a level, he looks to every eye a man of five feet ten or eleven inches instead of 5 feet 8 1-2 inches. Altogether he is doubtless the most extraordinary man that ever appeared in the prize ring, and is full deserving of the pride which his countrymen have invested in him. The 16th of April will decide whether that pride is destined to lose a portion of its bloom.

I must not close this letter without chronicling the arrival of John Morrissey, and expressing my gratification at the good opinion he has created. He came by the *Africa* and on landing in Liverpool was received with a perfect ovation. He and his friends, in fact, were obliged to leave, to escape the complimentary attentions of the crowd; and in Sondon, Morrissey has scarcely created less attention; but he will tell his own story himself, for he informs me he has promised to write it all to you, and I must close at once.

Truly yours,
GEO. WILKES."

Decision in the Lemmon Slave Case, in New York.

From the N. Y. Tribune.

The people ex. rel. Louis Napoleon, vs. Jonathan Lemmon.—This celebrated case was decided, last Friday, in the Court of Appeals at Albany. The judgment of the Supreme Court was affirmed, Judges Clarke and Comstock dissenting. Opinions for affirmance were delivered by Judges Denio and Wright. Judge Clarke rendered a dissenting opinion. Judge Selden expressed no opinion.

In 1852, Jonathan Lemmon was a resident of Virginia and the owner of several slaves Desiring to change his residence to Texas, the most convenient method of taking his slaves there was by bringing them to this city, and then sending them by a vessel to their destination. He sent them here, and the fact that they were slaves becoming known among the colored population, the relator, Louis Napoleon, a colored man, went before Judge Paine, of the Superior Court, and obtained a writ of habeas corpus, commanding Mr. Lemmon to bring the slaves into Court. After hearing the merits of the case, Judge Paine held that there was no ground for holding them, and that they were free under our State law. He accordingly discharged them from custody, and their colored friends soon afterwards sent them to Canada.

Immediately after the slaves were liberated, a subscription was started, which was headed by Judge Paine, who gave a liberal sum, to reimburse Mr. Lemmon for the loss of his property, and the full value of his slaves was returned to him.

The decision of Judge Paine being of considerable importance, as regarded the rights of slaveholders to travel with their slaves through the Free States, the State of Virginia immediately took up the question, by assisting Mr. Lemmon to further contest it in our Courts. A *certiorari* was taken to the Supreme Court, and it was argued before the General Term some two years ago. Justices Mitchell, Clarke, Peabody, and Davies held that Judge Paine had decided right, and affirmed the judgment. Judge Roosevelt delivered a dissenting opinion.

An appeal was made to the Court of Appeals, and it was argued at the last term. In the early part of the present term, John Jay, Jr., as *amicus curiæ* presented to the Court the facts relative to Mr. Lemmon's reimbursement for the loss of his slaves, and represented that, in consequence thereof, Mr. Lemmon had no right to appeal, and that he had no standing in Court.

The Court subsequently rejected this matter as of no consequence to Mr. Lemmon's claims.

CRICKETING for the nursery.—Give a child a bat and it'll bail.

The State Hospital for the Insane.

A deep interest is felt throughout the State in the early completion of this institution.—A large number of the unfortunate class for whom it is intended are now confined in the jails and poor houses of the State, shut up in private houses, and subjected to the most improper treatment. Many of these, with judicious care, might be restored to reason.—As they are now situated they are rapidly becoming confirmed and hopeless lunatics.

It will be gratifying to the friends of such unfortunates, that the Asylum will be ready to open for the admission of patients, by the 1st of July next, and possibly by two or three weeks earlier.

The Executive Committee, appointed by the new Board of Trustees, consisting of Senator Bennett, of Rock county, and Judge Hood and Simeon Mills, Esq., of this city, are pressing forward the work as rapidly as possible. Upon an examination of the internal arrangement of the building, they find that the departments of the central edifice can be divided, so as to accommodate a much larger number of patients than was originally expected. At least twenty additional apartments for patients will be gained in this manner; and the committee now set down the number which they can accommodate, at certainly one hundred. They hope to be able to find room for twenty or thirty more, but do not wish to promise what they are not sure of being able to fulfill.

It is the design of the new Board to conduct the affairs of the Hospital with the utmost economy consistent with its proper arrangement and the comfort of the inmates.—Nothing farther will be expended upon the building except what is actually necessary to keep it in good preservation and make it habitable. Both externally and internally it is one of the most elegant structures in the West. The broad and lofty halls, the abundance of light, and the admirable ventilation, render the interior most cheerful and pleasant, while in addition, it commands a view of one of the most beautiful landscapes in the State. It is to be regretted that a site less distant from the city and the railroad had not been selected, but this difficulty will be in a great measure remedied if the road between this city and Portage is ever constructed.—*Madison Journal.*

IMPORTANT TO FRUIT RAISERS.—GUM SHELLAC IN PRUNING TREES AND IN CUTTING OFF YOUNG TREES IN THE NURSERY.—Young trees, says the *Scientific American*, which were budded the past season, will require to be cut off above the bud this spring. The plan adopted by many nurserymen is to cut the tree an inch or half an inch above the bud, and after the latter has begun to grow, to trim the trunk down to the point of connection with a sharp knife. As the young shoot is exceedingly tender, it is in great danger of being injured by this operation. The necessity for this laborious and objectionable method results from the danger of the buds being killed by the drying of the trunk down from the place at which it is cut. We have practiced for several years, and on many thousands of trees, a plan which saves entirely the second trimming, and which has been fully successful. We trim the tree down close to the bud at the first operation, and paint the surface of the cut with a thick solution of gum shellac in alcohol. As the gum is not soluble in water it is not washed off by the rains, and it preserves the tree alive to the very end, so that the wound heals in the most perfect manner, making a smoother joint than can be procured in any other way. This preparation may also be used with advantage for coating the wounds made in pruning choice trees.

CITY LAND OFFICE.

NOTICE TO ALL OWNERS OF HOUSES.—Enquiries are made continually at our office, from day to day, "Have you a good house to rent first of May?" We would therefore suggest to all who have houses to rent first May, to send us a list of same, and how long you will lease them, and what price. We will make a record of the same and try and find good tenants who will pay punctually. And, if desired, for a certain per cent., will guarantee the rent of all tenants, which will save the landlord much trouble. We intend to give this business our special attention. All who desire us to take charge of their property, please send us a list immediately.

AND SPECTACLES
of the finest purified flint, which show the clearest and most correct copies. As these glasses permit every ray of light to pass completely through them they will not only enable the party using them to do the finest eye work without injury, but will preserve and even strengthen the sight, which very often, by other glasses is ruined.
My SPECTACLES are celebrated for the superior and high optic nature of the glasses, as well as NEATNESS and ELEGANCE of finish, for which they received at the World's Fairs, both Paris and London, the first premiums, (viz: Gold Medals), being the best specimens on exhibition. Many years experience and a thorough knowledge of optics, enable me to select such glasses for those requiring the use, as will ensure entire satisfaction.
Glasses set to order.

IMPORTANT TO FEMALES.

DR. CHEESEMAN'S PILLS,

Prepared by Cornelius L. Cheeseman, M.D., NEW YORK CITY.

THE COMBINATION OF INGREDIENTS in these Pills are the result of a long and extensive practice. They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from interruption of nature.

TO MARRIED LADIES,

Dr. Cheeseman's Pills are invaluable, as they will bring on the monthly period with regularity. Ladies who have been disappointed in the use of other Pills can place the utmost confidence in Dr. Cheeseman's Pills doing all that they represent to do.

NOTICE.

There is one condition of the female system in which the Pills cannot be taken without producing a PECULIAR RESULT. The condition referred to is PREGNANCY—the result, MISCARRIAGE. Such is the irresistible tendency of the medicine to restore the sexual functions to a normal condition, that even the reproductive power of nature cannot resist it.

Warranted purely vegetable, and free from anything injurious. Explicit directions, which should be read, accompany each box. Price $1. Sent by Mail on enclosing $1 to DR. CORNELIUS L. CHEESEMAN, Box 4531, Post Office, New York City.

Sold by one Druggist in every town in the United States.

R. B. HUTCHINS, General Agent for the United States, No. 14 Broadway, New York, to whom all Wholesale orders should be addressed.

Sold in Milwaukee by Green & Button, and H. Bosworth & Son. mar3j39dawoow

Bryant's Tasteless Vermifuge.

THE MOTHER'S HOPE.

Fretful, pallid, weak and thin
Was the mother's pet and pride,
"Something must be wrong within,"
The distracted parent cried.
"Worms," the doctor said, and gave
Jalap, calomel, gamboge,
But all things proved useless, save
Bryant's Tasteless Vermifuge.

Put up in bottles. Price 2½ dimes. Sold by Henry Fess, Jr., and by druggists. mar19dim

MOTHERS! MOTHERS!

DON'T FAIL TO PROCURE MRS. Winslow's Soothing Syrup for children teething. It has no equal on earth. It greatly facilitates the process of teething, by softening the gums, reducing inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases.

This valuable preparation is the prescription of one of the most experienced and skillful Female Physicians in New England, and has been used with never failing success in millions of cases.

We believe it is the best and surest remedy in the world, in all cases of Dysentery and Diarrhea in children, whether it arises from teething or any other cause.

If life and health can be estimated by dollars and cents, it is worth its weight in gold.

Millions of bottles are sold every year in the United States. It is an old and well tried remedy.

PRICE ONLY 25 CENTS A BOTTLE.

None genuine unless the fac simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Office No. 13 Cedar street, New York.

Sold in Milwaukee by John Rice. jel5d1f9dw&twly

TO-MORROW.

Did we but know what lies beyond
This varied, shadowy path we tread,
How often would our souls despond,
Our eyes the tears of sorrow shed?
But God, who knows what's best to do,
Who sees us from his starry throne,
Has wisely hidden from our view
That which had best remain unknown.

We walk to-day in conscious pride,
And hang the flag of hope on high;
But, ah! to-morrow, by your side,
Some friend may lay him down and die;
Some early flower that won our praise,
Some altar where we laid our trust;
Such flower, ere dies the evening rays,
May trampled be, and laid in dust.

Youth dreams of many glorious things,
As on he hies in pleasure's track;
Each day some new-born promise brings,
He turns no eye of sorrow back;
The flowery fields are all before,
His eyes on some bright star are set;
Life is to him a sunny shore,
He'll learn it has its shadows yet.

To-morrow! In its secret shade,
I little know what is for me;
I may be with my fathers laid,
Or wrecked on dire misfortune's sea;
But far beyond life's boundary lives
The everlasting army bright;
And He alone, who takes or gives,
Can guide my wandering feet aright.

Eclipse of the Planets Venus, Mars, and Jupiter, by the Moon.

An occultation of a planet at any particular place, under favorable circumstances for observation, is an event of such rare occurrence that it cannot be expected oftener than *once* in four or five years. Indeed, at the Observatory at Cambridge, only one (that of Jupiter, in August 1856,) has been seen in since the beginning of 1852.

The happening, therefore, of *four* of these phenomena in a large part of this country in a single month, between the 24th of the present April and the 25th of May next, is very remarkable.

The *first* of the four, and the most beautiful and interesting of the whole, is that of Venus, on the evening of Tuesday next, 24th inst. This occultation will take place when the planet is quite high, and nearly at the position of its greatest brilliancy. It will be visible in the British Provinces, and in that part of the United States situated northerly of a line drawn from Albemarle Sound, a little South of Norfolk and North of Cincinnati, to Davenport, Iowa; beyond that line the planet will not be eclipsed, but will pass South of the Moon. Its disappearance behind the dark edge may be seen by the naked eye, but better through an opera glass.—Through a telescope, Venus will appear similar to our Moon the day before its last quarter, as about three-fifths of its illuminated disc will be turned towards the earth.

About midnight of Thursday, April 26th, Jupiter will be eclipsed in the Northern part of Maine and New Hampshire, and some of the British Provinces; but in the Southern part of New England the least distance of the edges of the planet and our satellite will be about one-twentieth the diameter of the latter.

The *third* of these occultations will be that of Mars, in the morning, before sunrise, of Thursday, May 10th. It will be visible in a large portion of the United States and the British Provinces. As the Moon will then be about five days past the full, the emersion will take place on the dark side. The color of Mars will be a fiery red, as it will be quite near the Earth; indeed, at Mars' opposition to the Sun on July 17th next, it will be nearer to us than for several years, with a high Southern declination, thus giving the astronomers at the Cape of Good Hope an excellent and rare opportunity for determining its parallax with greater precision.

The *fourth* of this extraordinary series of occultations is that of Jupiter in the forenoon of Thursday, May 24th, which also will be visible in a large part of this country, but which, taking place whilst the sun is above the horizon, cannot be seen except with the aid of a very good telescope.

In the remainder of 1860 and the whole of 1862 no bright planet will be eclipsed in New England. In the evening of May 12th, 1861, Mars will be, but then the planet will be quite low, and very remote, so that it will shine with but little of its brilliancy in July next.—*Boston Traveller.*

THE PRINCE AND THE FARMER.—His Royal Highness, the Prince of Wales, in company with his suite, was hunting recently at Oxford. On their way home they missed their road, and found themselves on the lands of an eccentric farmer named Hedges, but called by the *sobriquet* of "Lord Chief Justice Burns." The farmer shut the gates upon the party, and levied a fine of a sovereign for damages, enforcing the demand with an intimation that none of them should leave until he had pocketed the amount. The party at first imagined that when Hedges was acquainted with the names of his visitors he would at once have claimed the Royal clemency; but in this they were quite mistaken, for upon being informed that he was detaining the future King of England, he remarked: "Prince or no prince, I'll have my money." And it is believed that he got it.

Spalding's Prepared Glue! "A Stitch in Time saves Nine." ECONOMY! Dispatch! Save the Pieces!

AS ACCIDENTS WILL HAPPEN EVEN in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Crockery, Toys, &c.

SPALDING'S PREPARED GLUE

Meets all emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs, splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically held in solution, and possessing all the valuable qualities of the best cabinet maker's glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

SAVE YOUR CARPETS!

THE GREAT ENQUIRY HAS BEEN made for a number of years by housekeepers, What shall we put under our carpets to protect them from wear and moth? This grand, valuable discovery was affected and patented April 1st, 1856, by J. R. HARRINGTON, and is called *Harrington's Patent Carpet Lining.*

This article having proved its utility has now come into general use, so much so that scarcely a carpet will be put down without it, and its cheapness puts it within the reach of every family. It is warranted to add fifty per cent to the durability of Carpets Oil Cloths and Matting. The details of its merits are too numerous to mention. It can be obtained at any of the principal Carpet Stores throughout the United States, and is manufactured only by the New York Carpet Lining Company. Also, extensive manufacturers of Mammoth Cotton Batting, and Comfortables. The best and cheapest that have ever been introduced in the market.

Office 11 Dey St.; Salesroom 410 Pearl St., New York.

All orders of information requested will be attended to with promptness and dispatch. Under the supervision of the patentee, J. R. HARRINGTON, Agent. Manufactory, 448 & 450 Water st., N. Y. Send for Circular. mar23j501d3mo

SOYER'S SULTANA'S SAUCE.

For Hot and Cold Dishes of all Kinds.

THIS MOST DELICIOUS and appetising Sauce, invented by the renowned "SOYER," for the London Reform Club, is, since his decease, manufactured by the well known house of CROSSE & BLACKWELL, London, from the original recipe. It is the favorite sauce in England and on the Continent, with a high and growing reputation among American Epicures, and is much approved of as a stimulant to the appetite and aid in digestion.

Opinions of the London Press.

"We recommend our correspondent to try MONS. SOYER's new Sauce, entitled the 'Sultana's Sauce,' It is made after the Turkish recipe: its flavor is excellent, and it affords considerable aid in cases of SLOW AND WEAK DIGESTION."—*The Lancet.*

"Savory, Piquant and Spicy, worthy the genius of Soyer."—*Observer.*

"A most valuable adjunct to Fish, Flesh, and Fowl, and should have a place on every table."—*Atlas.*

Richardson's Irish Linens, Damaks,

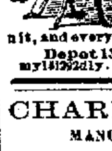

DIAPERS, &C.—CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm, J. N. RICHARDSON, SONS & OWDEN, as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable while purchasers can be imposed on with Goods of a worthless character.

Medical.

BININGER'S OLD LONDON DOCK GIN

A. M. BININGER & CO., (ESTABLISHED 1778.) SOLE IMPORTERS No. 338 Broad Street, New York

THIS DELICIOUS TONIC, ESPECIALLY for the use of the Medical Profession and the Family, Possesses those INTRINSIC medicinal properties, [Tonic and Diuretic] which belong to an **OLD AND PURE GIN.**

The business of manufacturing spurious Gins, and offering them as beverages, under the titles, "Aromatic," "Cordial," "Medicated," &c., has become so common that the public are justly suspicious of nearly everything that is offered under similar forms and for the same purposes. It has thus been brought into disrepute. It has remained for our house (established in 1778) to supply the pressing popular need, and to inaugurate a new era in the history of the Trade. We trust that our established reputation—founded upon eighty years of experience—abundantly vindicates our claim to public confidence.

THE ONLY ARTICLE **Unrivalled in Market,** WITH IMMENSE **HOME AND EUROPEAN DEMAND.**

THE REASON WHY, IS THAT BY Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy, and beautiful* and if used by the young two or three times a week, it will never fall or become gray; then readers, read the following and judge for yourselves:

New York, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.: GENTLEMEN: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudice which, in common with a great many persons, I had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad that I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was, but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being ocular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing Establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking.

I am, Yours Respectfully, HENRY JENKINS. Cor. Columbus and Carroll sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country.—My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper. Yours, &c., S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering, was in fact BALD. I have used but two half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully, D. R. THOMAS, M. D. No. 464 Vine street.

The Restorative is put up in bottles of three sizes, viz.: Large, medium, and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

TELEGRAPH!

REPORTED BY THE N. Y. ASSOCIATED PRESS FOR THE DAILY SENTINEL.

Later from California.

SPRINGFIELD, Mo., April 20—3 P.M.

The overland mail coach, with San Francisco dates of March 30, passed here at 3 o'clock this morning.

The main features of the news have been anticipated.

The emigration to the Washoe mines is increasing.

It is believed that an average of fifty men leave San Francisco daily for the mines, and the emigration is proportionately large from all parts of the State.

Flour at Carson Valley had advanced to $50 per cwt.

The telegraph reports that the Overland pony express has arrived at Genoa, Carson Valley, where he met the Superintendent of the Salt Lake Telegraph Co., who states that the arrangements for the proposed connection are nearly completed, so that the express and the telegraph at each end of the line will be ready to commence operations April 3.

The U. S. steamer Powhattan has lost but four of her men since leaving Norfolk (Va.) in 1857.

Tornado in Illinois.

ST. LOUIS, April 20—3 P. M.

A tornado passed over Carlinville, Ill., on Monday evening, unroofing and blowing down houses, trees and fences. The roof of the Lutheran Church was blown some distance. The walls were also much injured. The roof of a dwelling was carried nearly a mile and a half through the air. Children were picked up by the wind and carried considerable distances. A man named Love was killed by lightning. The destruction of property is very great.

A similar storm visited Louisiana on the same evening, doing much damage to property and injuring several people.

Washington Matters.

NEW YORK, April 20—3 P. M.

The Tribune's Washington correspondent says that it is stated that ex-Governor Walker has sent a challenge to Juge Black, and that the Judge declines its acceptance. The affair originated with the expressions made use of by Judge Black, relative to the letter of the President, he declaring that if such a letter was in existence, it was a forgery.

A caucus of the Republican Senators to-day resulted in an agreement to support the Nicaraguan Treaty, with an amendment granting the use of troops by Congressional negotiation. The ratification of the treaty may now be considered a fixed fact.

Baltimore Matters.

BALTIMORE, April 20—3 P. M.

The Congressional Convention continued in session until midnight. It was finally decided to appoint district electors, and the following ticket was chosen:

State at Large—Alexander Evans, J. Dickson.

The new police appointed by the Police Commissioner entered on duty to-day, superceding the Mayor's police.

LATEST NEWS!

BY LAST NIGHT'S REPORT

Later from California.

ST. JOSEPH, April 20—9 P. M.

Second arrival of Central Overland Pony Express, bringing California dates to the 10th inst., and Carson Valley to 11th, arrived at 5 p. m., exactly on time.

SAN FRANCISCO, 5th.—Sailed on 5th the steamer Golden Age for Panama, carrying $1,600,000 treasure, and 54 passengers, among them were most of the Republican delegates to the Chicago Convention.

The Japanese steamer Candinmarrah will remain at San Francisco till advices are received of the arrival of the Embassy at Washington and will then return to Japan to announce the news of the Embassy's reception at the Federal capital to the Emperor.

The bill granting a company of French capitalists the right to build a sea wall along the entire water front of San Francisco has passed the Senate, and it is said will pass the Assembly, notwithstanding the intense opposition manifested in San Francisco.

SAN FRANCISCO, April 10.—The steamer Powhattan sailed on the 7th inst. for Panama with the Japanese Ambassadors.

The general news is exceedingly meagre.

An immense mass meeting was held in San Francisco on the 6th inst., to protest against the passage of the Bulkhead Bill. Strong resolutions, denouncing it as a swindle upon the State, and calling in question the integrity of its supporters, were passed. It was the most formidable demonstration that has taken place here for many years. The bill will pass the Assembly this week; but great confidence is felt that the Governor will veto it and that the bill will never become a law.

The rush to the Washoe mines continues, and five hundred emigrants were at Placerville to-day, arriving faster than accommodations for living can be provided. Flour is $50 to 60 per 100 lbs; sugar $1 per lb., and other articles in proportion. There is little forage for animals, hay having been sold at $350 per ton at the mines.

The mining accounts are of the same tenor as previously reported. New silver leads are discovered almost daily, but it will require months to test the value of each lead. The marvellous richness of the Comstock vein, which is thoroughly tested, is about the only evidence relied upon showing the value of hundreds of the veins.

The whole number of letters from San Francisco, by the pony express, will not exceed twenty five.

Congressional Proceedings.

WASHINGTON, April 20—3 P. M.

Mr Crawford was satisfied that no quorum was present, and therefore moved to adjourn until Tuesday. He was determined the House should transact no business without a quorum if there was any power to enforce the rules.

Mr Houston said that as the House yesterday refused to adjourn till the 20th of May, he was in favor of remaining here and doing something. They could act on such bills as were reported in accordance with the estimates and about which there was no controversy.

The House passed the Senate bill granting a pension of $50 per month each to the widows respectively of Gen'ls Macomb, Smith and Riley.

Mr Campbell, from the Committee on Elections, made a report on the Nebraska contested seat case, concluding with a resolution that Sam'l G. Daley, instead of Mr. Eastbrook, is entitled to the seat as the delegate.

A number of private bills were passed.

Mr. Burlingame introduced a resolution, which was passed, instructing the Committee on Foreign Affairs to inquire into the expediency of raising the Ardenian mission to one of first class.

Adjourned till Monday.

Washington Matters.

WASHINGTON, April 20.—9 P. M.

Evidence is to be produced before the Covode investigating committee with a view to impeach the testimony which led to the difficulties between Gov. Walker and Judge Black. It is said that the members of the Cabinet are perfectly willing that Gov. Walker shall designate those to whom he referred, as in his opinion shaping the affairs of Kansas in 1857.

The committee on elections were almost unanimously, in their report, in favor of Daley against Eastbrook, as delegate from Nebraska.

The question involved in the protest of the Spanish minister against the capture of the Miramon steamers, is as to the legal transfer from their Spanish owners to Gen. Miramon previous to that occurrence.

The amount of money in the Treasury, subject to draft, is nearly $7,000,0000, or an increase of upwards of half a million over the same on hand the previous week.

There is reason to believe that the House Committee on Foreign Affairs will report a bill providing for a first class mission to Sardinia, in accordance with Mr. Burlingame's resolution adopted to-day.

The treaty which Minister Preston has concluded with Spain provides for the ascertainment and statement of the pending claims.

A FAMILY OF TWELVE PERSONS POISONED BY STEALING FLOUR.—THREE OF THEM DEAD, AND THE OTHERS IN DANGER.—A family, consisting of twelve members, living in the neighborhood of Fayetteville, Brown county, Ohio, named Story, were a few days since almost simultaneously seized with vomiting, and a physician having been called in, found the whole number poisoned. The family having sustained a reputation by no means favorable in the neighborhood, suspicions were immediately raised that this was the result of some of their misdeeds. Arsenic was at last detected in the flour of which they had all partaken, and, upon closely questioning the mother, actuated partly by fear of death, she acknowledged that she had stolen the flour from a mill in the neighborhood on the previous evening. The miller, it seems, had placed the arsenic in some of his flour, in order to kill the rats and other vermin which were destroying the sacks in which it was contained, and of which prepared flour the old lady had taken, and thus poisoned her family. Three of the family have since died from the effects of the poison.

Robbery of the Adams Express Company on the New Haven Road.

From the New York Tribune, 18th.

The New Haven Express train from Boston on Monday night, was robbed of an iron safe belonging to the Adams Express Company, containing from $12,000 to $16,000 in bills and specie. After leaving New Haven depot, the express agent of the company on board the train stepped into an adjoining apartment of the same car, and engaged in conversation with the mail agent. This was contrary to the rules of the company. While doing so, some unknown person or persons approached either from the passenger cars behind, or entered the front door of the car from the platform adjoining the tender where he may have stationed himself, watching his chance, and shoved the safe out of a side door from the train. The express agent, an old and experienced man in the business, who had probably seldom or never been guilty of such neglect before, talked away, and did not discover the robbery until the car was whirled into the depot at Twenty-Seventh Street, New York. It is supposed that the thieves have watched for such an opportunity for some time. Cases have transpired in which six to eight months were spent by a villain in dogging the steps of an expressman, with the hope of making such a haul as this in the end.

Little hope is entertained of the apprehension of the thieves. Probably they have buried the safe, and then taken good care to secure themselves from detection. Messengers and hand-cars, and an extra locomotive, were, however, put on the track to discover, if possible, where the safe fell. At latest accounts, no traces had been discovered. Fortunately a full description of the money in the safe is retained, and the thieves may be tracked by that means. The packages in the safe contained, as far as heard from, ten $500 notes on the Atlantic bank of Boston; $620 on the Park bank of New York; $1,000 on the Mechanics' Banking Association; $755 in Ogdensburg bank notes; four $50 bills on the Shoe and Leather Dealers' bank of Boston; $2,900 in small new bills of the Langdon bank, Dover, N. H., and other packages, amounting in all to $16,000; $12,000 being in charge of the express company, and $4,000 intrusted to Kingsley & Co. The company yesterday paid the amounts called for in the various receipts, so that the customers have not lost, nor even been delayed by the robbery.

FIRE IN GREEN LAKE COUNTY.—Markstadt's Hotel and barn, at Sacramento, were burned on Friday afternoon last. The fire caught from sparks flying from the passing steamer Knapp. We are not aware whether Mr. Marckstadt had any insurance or not.—*Berlin Courant*

COMMERCIAL.

MONETARY.

FRIDAY, P. M., April 20, 1860.

The doings in the money market to-day, present nothing new, except that Exchange continues to grow plentier, and although the nominal selling rate is still 2 premium, parties wanting to buy do not find much difficulty in supplying themselves at 1¾ on the street. The demand for money is considerable, but the regular houses take all the offerings of straight business paper.

We have the following by telegraph from New York to-day:

STOCKS continue active, and prices higher; C & R I 64¼; C & T 30; G & C 63¾; Panama 1,35¾; M S 18¼; do gtd 25¾; M C 49¾; Reading 44; Harlem 13¾; N Y C 80¾; Canton 22¾; Pac Mail 104¾; LaC Grants 12; Erie 3d bds 55¾; M C 8 ⅌ cent. bonds 94¾; U S 5's of '74 104¾;

COMMERCIAL.

FRIDAY P. M., April 20, 1860.

The principal receipts and exports to-day are embraced in the following statement:

RECEIPTS FOR THE PAST TWENTY-FOUR HOURS.

EXPORTS.

Flour, bbls	2,340
Wheat, bus	28,217
Brick, No	7,000
Grass Seed, bus	85
Ale, kegs	20
Lime, bbls	50
Shoes, cases	16
Butter, tkns	20
Iron Ore, bbls	20
Mdz, tons	22

A large quantity of flour, some 2,500 bbls, changed hands to-day, at good prices, but the market closes with a drooping tendency. The ruling figures were $4,75@4,85 for common to fair country Extra; and $5@5,25 for favorite brands.

The wheat market opened at $1,03 for No. 1 in store, $1,01 for No. 2, and $1,05@1,09 for sample milling Club. The latter was the outside price paid for Extra, and indicate, therefore, a decline of 1c on this quality. The comparatively large receipts of the past few days, give the millers an opportunity to supply themselves with the best qualities without running prices up relatively higher than for other descriptions. The market were an extremely dull aspect in the afternoon, and considerable quantities of No. 1 were offered at the opening prices without finding purchasers.

There was little or nothing done in coarse grain. Oats were held at 31c; but there were no buyers for any considerable amount at that price. Corn sold at 48c—a decline of 1@2c.

There was no activity in freights, holders of wheat not, apparently, being in much hurry to ship just at present. A couple of vessels have been chartered today and yesterday at 5c for wheat to Buffalo.

CHICAGO MARKET, APRIL 20TH.—Receipts of the articles named, at Chicago, yesterday, were as follows:

Flour, bbls	1,191
Wheat, bus	13,439
Corn, bus	45,901
Oats, bus	4,959
Barley, bus	1,197
Rye, bus	284

The *Press & Tribune* says:

The receipts of Corn to-day were only 45,901 bus, and the shipment, 183,148 bus. At the opening the market was very firm, and there was considerable activity at 45c for No. 1 in store; but the prospects of heavy receipts by canal to-morrow rendered the market heavy at the close, when prices fell about ½@¾c below the extreme figures yesterday. About 90,000 bus changed hands at 45c for good River Mixed afloat; 45c for fair brand afloat; 45½@46½c for No. 1 in store; 43½@44½c for No. 2; and 41c for Rejected. The demand for Flour was less active, and the market very quiet—transactions being rather limited at $4,95@5,20 for good to choice Spring extras; $4,80 for good spring superfine; and $6,00 for White Winter extra.—Wheat opened very dull, and several lots of No. 2 Spring were sold at $1,00 in store; but under an improved speculative feeling the market became stiff and closed firm at $1,01. Oats were quiet, with a good demand at 31c in store—holders asking 33c. The sales were limited to lots in bags at 33c on track, and 35c delivered. Rye continues scarce and in good inquiry at 85@85c. There was a better demand for Barley to-day, and the market was more active and a shade firmer, with sales by sample at 62@70c on track.—Highwines are still active, and the sales limited to the wants of the local trade at 18c. Nothing doing in provisions. Hides firm. Seeds quiet.

Freights were very quiet to-day, there being but a limited inquiry for vessels. Rates, however, are unchanged.

ST. LOUIS MARKET, APRIL 17TH.—Receipts: By river—3,502 bags corn, 485 bbls and 50 bags flour, 2,467 bags and 10,025 bus oats, 3,138 sacks and 3,741 bus wheat. By railroad—390 bags corn, 348 bbls flour, 222 bags wheat. The *Democrat* reports:

FLOUR—There was more inquiry to-day, but little was done. Sales include 100 bags choice city superfine at $2,35; 400 bags city superfine private, and 100 bbls country double extra at $7 25.

WHEAT—Holders remain firm, but business was slow and prices unchanged. Sales include 1,186 bags club, in lots, from $1,07¾ to $1,10; 1,130 bags choice do at $1,12½@1,14; 35 bags mixed at $1,15; 46 bags good white fall at $1,40, 330 bags choice do at $1,50.

CORN—Receipts moderate and holders pretty firm, but the demand is decidedly dull and prices but feebly sustained. Sales comprise about 1,500 bags mixed at 48@50c, part delivered; 1,500 bags yellow at 50c; 480 bags mixed white at 51@52c; 1,500 bags prime yellow and white at 53c; 200 bags choice yellow at 55, delivered; 350 bags strictly prime white at 55c, part delivered; and 220 bags very choice white at 60, including second hand and new gunnies.

OATS—As the receipts were light to-day the market was firmer and slightly better. Sales comprise 1,285 bags at 42¾@43½c; 2,150 bags private; 236 bags at 44¾c delivered, and 1,960 bags choice, mostly in new gunnies at 45@45½c.

BARLEY—The only sale noted was of 163 bags fair spring at 60c, exclusive of bags.

BACON—The demand is limited and prices without change. Country pork-house shoulders 7c, hams 9c, rib sides 9¾c, clear sides 10¾; farmers lots range downward as to quality, from ½ to ¾c. Sales of 15 casks pork house shoulders and hams at 7@8c; small lot country hams at 8@8½c.

CUT MEATS—There are some lots offering, but buyers do not come up to asking rates. Prime lots in bulk would bring even figures, but sellers hold at a fraction above. Sale of 54 tierces pickled shoulders at 6c.

PORK AND LARD—The market for both continues quiet, and prices steady with few orders. Mess pork quotable at $17@17,25, with a sale of 70 bbls on p. t. No transactions in lard—prime 10c.

WHISKEY—With diminished receipts holders were firmer to-day, while buyers stood off for 15c, causing a dull market, and sales were confined to 156 bbls at 18c, 80 bbls in two lots at 15¼, and 65 bbls at the market price.

POTATOES—There is an active demand, and prices are advancing. Sales of 50 bags Irish grays 50c; 95 do choice do 60c; 160 bags pinkeyes at 60@65c; 118 do 70c; 102 do neshannocks 72½c, and 108 choice do at 80c ⅌ bus.

HAY—Common qualities are very dull and lower, but for prime there is a fair demand. Sales of 120 bales common and fair at 65@70c, 258 do good at 75@77½c; 80 do prime at 8?c, and 26 do choice at 85 ⅌ 100 lbs.

SEEDS—Very little doing. Sales of small lot timothy mixed at $2; 32 bags prime do at $2,50; 150 bbls Hungarian at 50c ⅌ bus.

BUFFALO MARKET, APRIL 18TH.—(From the *Courier*.)—FLOUR—In moderate demand and market unchanged. Sales 700 bbls at $5@5 12½ for extra State; $4,75@4,80 for superfine Canadian; $5@5,25 for extra Illinois and Wisconsin; $5@5,40 for extra Michigan; $5,50@5,75 for extra Ohio and Indiana, and $6@6,12½ for good to choice double extras.

WHEAT—Quiet and unchanged. Sales 700 bus bagged Chicago spring, and 400 bus red Ohio—the latter selling at $1 40.

CORN—Quiet and steady. The only sale that we heard of was 5,000 bus old kiln dried, from store, in small lots at 61½c.

OATS—A lot of 15,000 bus Canadian, (the most important transaction this season) changed hands this morning, at 35c.

BARLEY—Small lots choice held at 70c.

RYE—Nominal at 80c.

SEED—Market firm at $5 for clover, and $3,75@3,87½ for timothy.

PROVISIONS—Dull and nominal.

WHISKEY—Steady. Sales 20 bbls at 20c.

CINCINNATI MARKET.—(From the *Gazette* of Wednesday.) In our general markets no material change is observable. The provision trade is characterized by a stronger feeling, and buyers and sellers found it, in most cases, impossible to come together. The latter are very firm, and the former are disposed to pay fuller prices than they offered heretofore. There was a sale of 1,000 pcs bacon shoulders at 7¼c, loose. Sides were in demand at 9½c, but none were to be had below 9½c, and not many first class brands at that.—Bulk sides are saleable at 8½@8¾c, but holders of city cut ask ½c more. The outside figure has been refused for heavy averages. Mess pork was held at $17@17,25 for country and city, with an improved demand, and more disposition on the part of buyers to operate. Lard inactive at 10½c. Flour was in better demand, and prices were unchanged. The receipts continue light, comprising only 590 bbls, while the exports were 997 bbls. Prime qualities of wheat were taken freely at full rates. Spring was dull at $1,20@1,22. A lot of choice Kentucky white sold, to arrive, at $1,40. No change in other grains. Whiskey in good demand at 15c. Sugars dull at 7½@8½c. Molasses 45@46c. Coffee 13½@14½c.

ALBANY MARKET, APRIL 18.—(From the *Journal*.)—FLOUR AND GRAIN—There is more firmness in Flour, with an improved home, river and Eastern inquiry, at a slight advance on common and fancy State and extra Canadian, while other descriptions are firm at previous prices. The receipts are moderate, and the stock here is much reduced, though the assortment is fair. We quote:

Common to good State	$5,10@5,25
Fancy and extra State	5,30@5,45
Common to good Western	5,25@5,35
Extra Michigan, Wisconsin, Ind, &c	5,75@7,00
Extra Ohio	6,00@7,25
Common Canadian	5,25@5,75
Extra Canadian	6,00@7,25
Fancy Genesee	5,40@6,00
Extra Genesee	6,00@7,25
Extra Kentucky	6,50@7,50

Corn meal is in moderate request at the reduced prices. Sales at $1,50@1,62 ⅌ 100 lbs.

GRAIN—The milling demand for Wheat has been confined to the immediate wants of home millers, and with no shipping inquiry the transactions have been limited. The sales of the week aggregate 12,000 bus at $1,55@1,57 for white Canadian, and $1,65 for white Michigan and Indiana. In Corn but little has been done, the receipts being small and the demand moderate. Sales 4,200 bus round yellow at 75½@77c, here and delivered closing with a bare market at the outside figure. Barley has met with a fair demand, and while good lots in store have been taken at full premium prices, inferior car lots have been sold at much reduced prices. The sales during the week aggregate 26,800 bus at 65@72c for inferior to choice two rowed State; 75@80c for four rowed do; and 84c for Canada East. Included in the sales are 10,000 bus Canada East, which was sold this morning on p. t. Oats steady with a moderate inquiry. Sales 24,000 bus State and Canadian at 44@45c, weight. We note a sale of 500 bus Canadian Peas at 75c.

SEED—Clover is quite scarce, and much wanted at advanced prices. Medium State and Ohio would readily bring 8@8½c, and large 10@11c. Timothy is also scarce and in demand at $3,75@4 for Illinois and State.

BOSTON MARKET, April 17th, [From the *Courier*].—The receipts since Saturday have been 7,255 barrels Flour, 7,658 bushels Corn, 8,500 bushels Oats, and 3,000 bushels Shorts. Flour is in moderate demand to-day, but prices are steady. Sales of common brands western at 5,50; fancy brands at 5,62½@5,87½; extras at 5,87½@6,25; and superior at 6,62½@9 ⅌ bbl, including choice St. Louis brands. Southern Flour is quiet but firm at 6,25 for fancy; 6,75@7,25 for extras, and 7,50@8,50 for superfine ⅌ barrel. In Corn very little has been done, and prices to-day are lower. Sales of 1,500 bush good Philadelphia yellow at 82c, and subsequently several lots of good yellow at 81c ⅌ bushel, closing rather dull at that price. Norfolk yellow is not offered under 85c, which price is above the views of buyers. White has been sold at 79@80c ⅌ bushel, and western mixed at 78@80c, as to quality. Oats have been selling at 41@46c ⅌ bushel for Northern and Canada, and 48½@44c for Prince Edward Island. Rye is steady, with sales at 90c ⅌ bushel. Shorts are selling at $22@24, and Fine Feed at $25@27 ⅌ ton. There is no change in Pork, with moderate sales at $15,50@16 for prime; 18,25@19 for mess; and $20@21 for clear ⅌ bbl cash and four months. Beef ranges from $9½@12,50 ⅌ bbl for Eastern and Western mess. Lard 11@11¾ in bbls and tcs; and 12@12½c in kegs; and Smoked Hams 10½@11c ⅌ lb. cash and 4 months. Butter is dull at 15@18c for good, choice and extra, and 9@13 ⅌ lb. for common and fair. Cheese ranges from 10@13 ⅌ lb. as to quality, for common and primo. Molasses has declined to 26c for sweet Cuba, with sales of 300@400 hhds to the trade. Sugar is dull and refined has declined to 9½@9¾ for powdered, crushed and granulated, and 7½@8c for coffee crushed. The stock of Sugar in first hands April 16 as made up by Wm. H. McLellan, Broker, was as follows—

Coffee, box-s	4,456
Cuba, hhds	4,222
New Orleans, hhds	145
Texas, hhds	337
Brazil, bags	3,900

BOSTON COTTON GOODS MARKET, APRIL 14TH.—The demand for standard brown sheetings continues quite active, and manufacturers are engaged ahead on all leading styles at 8½c, usual terms, and in some instances an improvement on this price has been realized. Medium sheetings and shirtings are firm and in demand at 7½@7¾c; and light goods are scarce and sell readily at 5½c. Bleached sheetings and shirtings are in steady demand, and the most desirable goods continue to be sold largely ahead. In prices no change. In drills there is nothing new to notice. The export demand continues active, and manufacturers are delivering their goods as fast as they can be produced. We quote standard brown drills at 8¾@9c, the latter for the Pepperell and Laconia. Bleached are selling at 9@9½c; and blues at 10¾@10½c. Jeans are in steady demand, and sold close up. Denims remain without change, with a good demand for favorite makes; and in stripes and ticks there is nothing new to notice.—Print cloths remain quite steady, with a fair demand at 5½c for 60x64, and 5¼c for 64x64, and other qualities, at corresponding prices. Prints have been more active, and the sales of the week have been considerable, all leading styles having been in better demand. Ginghams are in good demand, and the Glasgow and Lancaster are sold ahead at 10@10½c. De Laines are sold up close, and as their manufacture has been suspended for the present, very few patterns are now on the market to select from. Challies, Mattnees and Foulards have been more active than for some previous weeks. The Pacific Company are producing some choice styles of Foulards, which are unsurpassed by anything we have seen for coloring and execution. These goods meet with a ready sale, appear to be highly appreciated by the trade, and it is gratifying to know that the enterprise of our manufacturers is not only encouraged, but will be amply remunerated. The Manchester Company are producing some elegant styles of Challies, and the Hamilton Company are also supplying the market with very desirable goods, all of which have met with a steady sale. The Portsmouth and Hadley lawns are selling more freely.

MARINE ITEMS.

FRIDAY, P. M

QUITE a gale sprung up this afternoon, the wind blowing from the West. A number of vessels passed South, making decidedly quick time under double-reefed canvass.

QUICK TRIP.—The Steamship *Detroit* made the trip from Grand Haven to this city, 85 miles, this morning, in *five hours*, and that with a head wind. We presume she returned in less time, for there was a strong wind from the West in the afternoon.

THE MONTGOMERY.—This fine vessel, the largest screw steamer, we believe, on the Lakes, is loading with flour at Dousman's warehouse, and will sail for Buffalo to-night. She takes between *seven and eight thousand* barrels.

As soon as the Saut Canal is open she will be engaged in the Lake Superior trade, as heretofore. We had the pleasure of looking through her spacious cabins this afternoon. They are sumptuously furnished, and the state rooms are fitted with great neatness.

The Chicago harbor is not deep enough to admit of the *Montgomery's* exit with a full load, which was the reason of her coming here—as all the large propellers do—to complete her cargo.

THE BARK JESSE HOYT, one of the largest and handsomest sail vessels on the Lakes, cleared for Buffalo this afternoon, loaded with wheat. She is rigged more in the ocean than lake style, and she has justly become noted for her quick and safe trips.

THE SCHOONER HUNTRESS, which was not long since towed into our harbor by the tug *Leviathan*, her hold full of ice and in a rather dilapidated condition, having spent the winter on the beach of some barren island north of us, has been thoroughly repaired, and to-day sailed for Buffalo with a cargo of wheat.

THE new steamer *Comet*, Capt. MORGAN, arrived this morning, *en route* to Chicago, to take her place on the line between that city and Grand Haven. As she made but a short stay here, we did not have an opportunity to see her.

THE consolidation of the New York Central Rail Road line of propellers with the Western Transportation Company, which we alluded to a few days since, does not create any change in the business management of either. The main object of the consolidation was to avoid the competition heretofore existing between the two lines, and as the American Transportation Company has gone down, this new corporation and the People's Line will be the only formidable competitors for the lake carrying trade between Buffalo, Cleveland and the West. Mr. W. F. HURD will continue in the capacity of agent for the propellers heretofore composing the Western Transportation Company's Line, and Mr. J. J. TALLMADGE will remain agent for the New York Central boats

SALE OF THE STEAMER PLANET.—The steamer *Planet*, owned by the Chicago & Milwaukee Railroad Company, was sold at Chicago yesterday morning, by STAFFORD & SMEDLEY, Auctioneers, for $15,000. E. S. WADSWORTH, Esq., was the purchaser. The *Planet* has run but three seasons, and the price is ten thousand dollars less than she cost, exclusive of her hull and engine, for her outfit cost fully twenty-five thousand dollars.

The *Press & Tribune* says:

The Railroad Company bought her of Capt. E. B. Ward, of Detroit, who built her at Newport on the St. Clair, the intention being to run her on the shore of Lake Michigan. But the Company have found this to be done at a serious loss. She is an expensive boat to keep in a trade so light as now seeks lake transit even in the summer season, when one may take the cars. The Chicago & Milwaukee Steamboat Line has "played out," or hereafter will only maintain, and that but illy, boats of a smaller class.

THE LAKE AND ATLANTIC TRADE—THIRTY VESSELS WANTED.—Messrs. BUTTS & KENDALL, extensive coal dealers of Cleveland, have received orders from New York for thirty vessel loads of coal, and they advertise for that number of vessels. This probably inaugurates a heavy and profitable trade. The *Sarah Hibbert*, sent out last season by Messrs. BUTTS & KENDALL, was six weeks going to New York, but she left in December, encountered much bad weather, and indeed was forced to lie over for nearly two weeks at one point. It is believed that a sail vessel can ordinarily make the trip in four weeks. The coal to be sent in these thirty vessels to be used for the manufacture of gas for New York city.

BUFFALO HARBOR—TO MARINERS.—The current has been setting around the light-house for the last month, consequently it has formed a bar with about 9½ feet water on it. In order to get 11½ feet water, vessels must keep northward of the range of the North Pier, to get out. I. VALLIER, Harbor Master.

Buffalo, April 17th.

VESSELS PASSING DETROIT.—The following vessels passed Detroit, during the 35 hours ending Thursday; evening:

Up—Prop. Galena; barks Invincible, Sir E. W. Head; schrs. Yorktown, St. Paul, Midnight, Geo. Davis, Midshipmen, Griswold.

Down—Prop. Pittsburgh; bark Indians; brigs J. H. Harmon, Empire State; schrs. Maple Leaf, Eagle Wing, Free Trader, J. F. Warner, R. H. Harmon, Surprise, Arcturus, Lookout, S. B. Pomeroy, W. J. Whaling, Utica.

THE Detroit *Tribune* of Thursday evening, contains the following items:

THE MORNING LIGHT.—This vessel is lying at G. O. Williams & Co.'s dock, with a steam pump on board, where another vessel is receiving her corn, about half of which is damp. It will be sold here. She was struck by the *Mason* amidships, receiving an ugly fracture, which will cost considerable to repair. It was with great difficulty she could be kept from sinking. Her foremast was shattered and has had to be unshipped.

THE *Trenton* was towed down to-day by the tug *Dart*. Her rudder is broken, which is the principal damage sustained.

THE prop. *Eagle*, which arrived last evening, reports rough weather above. She lost her big anchor on Thunder Bay.

PITTSBURG, FT. WAYNE & CHICAGO R. R.

NOW COMPLETED TO CHICAGO.

THIS NEW AND DIRECT ROUTE IS now open to New York, Boston, Pittsburg, Philadelphia, Baltimore, Washington City, Cleveland, Dunkirk, Buffalo, Niagara Falls, and all Eastern Cities; Cincinnati, Columbus, Dayton, Springfield, Urbana, Zanesville, Steubenville, Newark and Wheeling, and all interior towns of Ohio, Pennsylvania, Virginia, Maryland, New Jersey, &c., making one grand unbroken Railroad line between

CHICAGO AND THE EAST.

FARES AS LOW AS BY OTHER ROUTES.

Passengers wishing to go by this desirable and pleasant Route, should be particular and ask for tickets by Fort Wayne, avoiding the annoyance of re-checking baggage as by other routes.

Trains leave the depot on VAN BUREN ST., daily as follows:

7:15 A. M., Morning Mail and Express.
7:25 P. M., Night Express.

CHECKING BAGGAGE THROUGH

To Pittsburg, Philadelphia, Baltimore and New York. Connecting directly with trains on the great Pennsylvania Central Railroad, to all Eastern cities. Also, with the Cleveland & Columbus R. R. to Cleveland, Dunkirk, Buffalo, Niagara Falls, via New York Central and New York and Erie Railroads to New York and Boston.

Persons going East will find this route by far the most desirable, both from the advantage in point of distance, variety and beauty of the country through which the roads pass, as well as the less frequent change of cars, and the annoyance of re-checking baggage as by other routes.

Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.

CAUTION TO INFRINGERS.

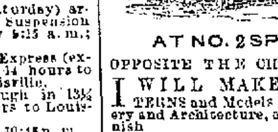

Patent issued in the United States, Nov. 5th, 1853. Reissued, Jan. 4th, 1854. Second Patent, March 4th, 1851. Patented also in Great Britain and the Canadas, June 6th 1851.

This improvement consists in making regulating valves to open with a rapidly increasing ratio of opening, by increasing the width of the opening made in the valve—or by accelerating the opening motion of the ordinary valves in use—or by combining increased width of opening, with accelerated valve motion. My patent Valves and Governors are so arranged as to give the resistance to the piston's motion, (or retard of the engine,) the power to open the valve just the exact amount of aperature necessary to counteract that resistance; and from the aperture, by the addition of equal amounts of resistance, notwithstanding that the action of the governor is continually decreasing in its effects.

I therefore reverse the action of valves combined with governors, as heretofore used. And as this effect can be produced by many different mechanical devices, (apparently not similar, but really identical with my improvement,) by which infringers have imposed upon the public, I therefore caution and request all persons interested, to examine carefully all alleged improvements in valves or governors, to see if the application of this truth or principle, first discovered and applied by me, is not involved in their arrangements;—and thereby prevent a fraud upon the purchaser and inventor, both of which are at present much annoyed by their piratical depredations.

Medical.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds a remedy that cures EVERY KIND OF HUMOR, FROM THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother.

NURSING SORE MOUTH

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA

which is nothing but canker on the stomach; then on the intestines and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follows a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly, DONALD KENNEDY.

DR. CHURCHILL'S REMEDY.

WINCHESTER'S GENUINE PREPARATION OF THE HYPOPHOSPHITES OF LIME AND OF SODA,

(Made from the Formula of Dr. J. F. Churchill,) FOR THE PREVENTION AND CURE OF CONSUMPTION!

THE SUCCESS OF THIS NEW REMEDY, (discovered by Dr. Churchill, of Paris,) is obtaining the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases.

This *Remedy* has not only a curative effect, but will, if used wherever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act, *as a preventive with regard to Consumption, just as vaccination does with regard to small pox.*

What the Medical Profession Say.

"In no instance have I found the Remedy to fail."—*Dr. Churchill.*

"I have used your preparation of the Hypophosphites *with the most happy effect*."—*G. Fisher, M. D. Loyalsville, Ill.*

"*I have been astonished in witnessing the good effects of the Hypophosphites.* The statements in your pamphlet are not at all exaggerated. My patient was just entering the last stage of tubercular consumption."—*S. Moore, M. D., Hoosic Falls, N. Y.*

"They exert an important remedial influence over the tuberculur disease *by improving the nervous strength and invigorating the nutritive functions.*"—*Dr. W. E. Root, Morristown, N. J.*

"I have derived more satisfaction from the use of your Hypophosphites *than from all other forms of medication combined*."—*Dr. Geo. W. Maris, Columbus, O.*

"If, on the earliest appearance of the symptoms, the patient takes daily about ten grains of the Hypophosphites, he will speedily find himself in the enjoyment of such health as he, perhaps, had never known in his life before."

"Winchester's Hypophosphites are unexceptional in their preparation."—*Am. Druggists' Circular.*

"Mr. Winchester is worthy of all confidence and devotes himself enthusiastically to these preparations in all their variety of combination."

"Prepared strictly by Dr. Churchill's method."—D. Meredith Reese, M. D., New York.

"LOWELL, O., July 6, 1859.—I have had several cases given up by attending physicians who are now exempt from all the symptoms of pulmonary disease. I have used the Remedy in my own case, with decided success. It was regarded as hopeless by physicians and friends, and even by myself, under the 'old treatment.' I am now able to ride, in attending the sick, as many miles, perhaps in a day, as any other physician in the country."—W. F. Clark, M. D.

"The Hypophosphites are most appropriate Remedies in large class of affections resulting from loss of nervous force."—Boston Medical and Surgical Journal.

Dr. Churchill's Work on Consumption, IS NOW READY.

The Hypophosphites may be used with incurable success in Chronic Bronchitis, Asthma, Dyspepsia, and in all "Nervous" Disorders.

Make no Delay!

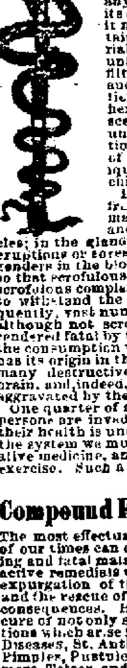

Consumptives, in any stage of the disease, should resort immediately to the use of the Hypophosphites of Lime and Soda. "Winchester's Genuine Preparation" (in simple syrup), in extra large bottles, is "chemically pure"; is the combination proposed by Dr. Churchill "for general use"; and is prepared according to his original Formula.

For sale, Wholesale and Retail, by HENRY FESS, Jr., Milwaukee, who is authorized to supply THE TRADE at New York prices.

For sale at Retail by J. M. ALCOTT, and by at prominent Druggists.

Scrofula, or King's Evil,

IS A CONSTITUTIONAL disease, a corruption of the blood, by which this blood becomes vitiated, weak and poor. Being in the circulation, it pervades the whole body, and may burst out in disease upon any part of it. No organ is free from its attacks, nor is there any one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which engenders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla

The most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eruptive and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, Pimples, Pustules, Blotches, Blains and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Syphilitic and Mercurial Diseases, Dropsy, Dyspepsia, Debility, and, indeed, all complaints arising from Vitiated or Impure Blood. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Prepared by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass., and sold by JOHN RICE, Milwaukee, J. H. REED & CO., Chicago, and Druggists and Dealers in Medicine everywhere. jan14d&w3mo
